#### New York City Labor Chorus

The New York City Labor Chorus, with 75 members representing over 20 labor unions and District Councils, was founded in 1991. The chorus promotes worker solidarity by expressing through song the history and ongoing struggles of unions and working people for economic and social justice. Their dynamic repertoire combines the power and culture of union music with the great gospel, jazz, classical and folk traditions. The New York City Labor Chorus has an international reputation as the premier multi-cultural and multi-generational labor chorus in the United States. It is a powerful cultural tool in the arsenal of workers. Wherever the struggle for people's rights is being waged, the chorus will be there. You will enjoy an evening of delightful and rousing singing. [nyclo.org](http://nyclo.org)
